

Estate Grown Grapes, Juices and Wines.

Why Johnson Estate for your grapes, juices, and contract winemaking?

Quality Control from Vineyard to You.

We grow the grapes for wine not tonnage. Vines are balanced and managed for quality not quantity.

We grow, process and vinify on premise. If we run short, grapes may be sourced from quality local growers.

Premium quality ingredients from *Erbsloeh* and other manufacturers.

Continuous investment in production. 160,000 gallons in temperature controlled fermentation and storage tanks. Thermovinification and Hot Pressing of **Catawba**, **Ives**, **Concord**, **Marechal Foch** and **Chancellor**. We can contract press also, please call or email. Clarification by flotation = low phenolics, clear, flavorful juices.
